Since 1900 the separation between the farm and the manufacture and marketing of animal products has become more and more pronounced, leading to the development of Canada's important slaughtering and meat packing industry.

Methods of controlling weeds in growing crops by sulphuric acid sprays are in vogue in France.

The common knowledge that hill land is the best for sheep is partly explained by the fact that the lower moist lands offer more favourable conditions for the incubation of the eggs of the various worms that are parasitic on sheep.

## 1ST RUTLAND TROOP

"Do A Good Turn Daily"

Orders for the week ending May 13th:  
The Troop will hold the annual Scout, Guide and C.G.I.T. party in the Community Hall on Friday, at 7.30 p.m.

The meeting at the school field on Friday last was again fairly well attended. Besides the usual programme of softball, Scout work in corgers, etc., an Investiture was held at which the following recruits were invested as Tenderfoot Scouts: I. Fischer, J. Schneider, M. Welter and J. Bach.

The Eagle Patrol still leads in the new patrol competition. The points will be published next week.

The Japanese barberry, though only four feet at its highest, makes a good hedge for stopping children and home and farm animals from straying.

Such has been the increased movement in clover and grass seed during the past month that really no large surpluses are left in any district of the Dominion, with the exception of Canadian blue grass in southwestern Ontario.

## BOYSCOUT COLUMN

1st Kelowna Troop  
Troop First! Self Last!

Edited by S.M.

Orders for the week ending, Thursday, May 18th, 1933:

Rallies: The Troop will rally at the Hall on Thursday, the 11th, and again on Monday, the 15th inst. Both parades at 7.15 p.m.

Duties: Orderly patrol for the week; Heavers; next for duty, Wolves.

The Otters have now gained the lead in the patrol competition, thanks to recruit Burnell, who completed his Tenderfoot last Thursday. Recruit Powah also passed his Tenderfoot on the 6th inst., but the fifty points which are usually awarded to the patrol were held over in his case, as he has not yet been definitely appointed to a patrol. The patrol standing is as follows: Otters, 1,126; Wolves, 1,119; Eagles, 1,062; Beavers, 986.

One of the main features in this year's entertainment will be a pageant of the history of the Okanagan. With the help of Mr. Buckland, we are gradually gathering a considerable amount of material for this item, but as it takes a great deal of time putting it all together, we are afraid it is going to delay the show for a week or ten days. However, with luck we hope to be able to stage it about the end of the first week in June.

### Scout Notes Of Interest

Kabul, Afghanistan, has been added to the wide overseas mailing list of the Canadian Scouting monthly, "The Scout Leader." The request came from Mohammed Yakub, at the Afghan Ministry of Education.

During his inauguration President Roosevelt had four Boy Scouts as his personal aides. Some 800 Scouts assisted the traffic police along the line of march of the inaugural procession, 760 acted as ushers and ticket takers on reviewing stands, and 20 served at the ten first aid stations.

Scouts of other lands say "Be Prepared" thus: Albania, "Pregatitu"; Austria and Germany, "Seibereit"; Belgium, "Toujours pret"; Chili, "Siempre listo"; Denmark and Norway, "Vaer beredt"; Finland and Sweden, "Var redo"; France, "Soit pret"; Holland, "Waakt"; Iceland, "Vertu Viduin"; Latvia, "Esi Modrs"; Poland, "Czuwaj"; Portugal, "Sempre alerta."

## ELLISON

Last Sunday the Ellison softballers met defeat on their own grounds. The Rutland Ramblers beat them 12 to 1, playing an excellent game of ball.

On Monday, at the Rural Track Meet in Rutland, Ellison managed to bring home a number of prizes. Iris Meldrum, in the girls dash, under 10 years, received first place, while Mary Poeschmann received first in girls, under 7 years, forty yard dash. Victor Stewart was awarded second place in both the high jump and seventy-five yard dash, for boys under fourteen years. He also made third in the broad jump. Heather Stewart came third in the girls' skipping, under 12 years. Bryce Muirhead, also in the 40 yards, boys under 8 years, brought home third prize.

Mr. Clement and Mr. Hall kindly provided the transportation for the children and the adults. Mr. Booth was the official in charge of the broad jumps, while Mr. Bertucci also acted on the official list.

Miss Ruth Johnston is visiting her sister, Mrs. Stranaghan, of Ellison.

Mr. Bell has as his guest his brother, Mr. H. Bell, of Vancouver.

## PREPARATIONS FOR SCHOOL TRACK MEET

Armstrong Has Arrangements Well In Hand For Big Annual Event

(The Armstrong Advertiser)  
Arrangements are going well forward for the big Okanagan Valley School Track Meet, which will be held on the Sports Grounds on Saturday, May 20. The event promises to be fully as big a success as any of those that have preceded it. From all points in the Valley the schools have promised their hearty cooperation, and all the outside School Boards have forwarded the assessed contributions towards the cost, which have been cut down this year to a nominal figure, the expenses of the Meet having been reduced in every possible way to meet the requirements of the present situation. All those who have been asked to assist as officials have heartily consented.

The entries do not close until Saturday, the 13th, but there does not appear to be any doubt that the schools generally will be well represented, and Armstrong boys and girls may look forward to having to extend themselves to the utmost to make a good showing on their own ground. It would appear to be assured that, given a fine day, there will be a big influx of visitors from many outside points. Careful arrangements are being made, however, to ensure that there shall be no occasion, if it can be prevented, for such complaints as have been heard on other occasions that the extent of provision in the city for entertaining its visitors fell short of the special needs. The Armstrong Hotel will have its new accommodation in good order for those who come to it, other places of refreshment will be prepared for all whom they can accommodate; and upon the Sports Ground itself the Women's Institute will provide meals for those who desire to take them upon the spot, while the Tuxis will also provide light refreshments there. The holding of the Armstrong Horticultural Society's spring show in the Recreation Hall the same afternoon will provide an additional variety in the way of an attraction.

Some good work has been done by the grader upon the track, and a gang of the school boys under direction of Principal Aldworth have put in a lot of time there. Room still remains for effort in the direction of making it such a track as will be a real credit to the district in the eyes of all who come here, but no doubt the fine touches will be put on to the job before the 20th. The public interest in the event is plainly growing, and will not be lessened by its conjunction with the flower show, so that we may look forward to this being a really big day for Armstrong and the Valley.

## "THE LOVE CONTRACT" IS BRITISH PICTURE

Principal Roles Are Taken By Winifred Shottor And Owen Nares

Winifred Shottor and Owen Nares head the cast of "The Love Contract," produced at the British and Dominion studios at Boreham Wood, which comes to the Empress Theatre on Friday and Saturday. Other important players are Sunday-Wilshin, Miles Malleison, Gibb McLaughlin, Frank Harvey and Irene Groves.

"The Love Contract" is a light comedy. Miss Shottor is shown as a rich young woman who suddenly loses all of her money and is subsequently employed as chauffeur by the man who buys her house. The plot includes musical numbers written by Ralph Benatzky, the famous composer of the music of "White Horse Inn" and "Casanova."

"Secrets Of The French Police"

The Chinese have no monopoly on "ways that are dark." Far more secretive, far more interesting, are the men and methods of the world's six great organizations of secret police—Scotland Yard, United States Secret Service, Royal Canadian Mounted Police, Germany's and Austria's super-efficient bureaus and the French Surete. From the records of some of these famous agencies was taken the amazing case developed in "Secrets of the French Police," the showing for Monday and Tuesday, with lovely Gwili Andre featured in the cast. Frank Morgan and John Warburton, both prominent on the New York stage, share honours with Miss Andre.

Ed Wynn, radio star, will be seen in "Follow The Leader," an added attraction.

### "Wild Girl"

Theatre-goers have a treat in store for them at the theatre on Wednesday and Thursday, when "Wild Girl" will be shown. Featuring Charles Farrell and Joan Bennett, it is a film that captures the colourful but elusive spirit of the California mining camps in the gold rush era. All the vividness and bracing atmosphere of Bret Harte's immortal "Salome Jane's Kiss," from which the story is taken, is brought to the screen.

Ralph Bellamy, Eugene Pallette, Irving Pichel and other outstanding players appear in support of the principals.

## YOUNG PEOPLE OF UNITED CHURCH

(By W. L. M.)

The first in a series of discussions under the title, "The Young People in Relation to the Business and Political World," was led by Mr. Phil Kitley. Those who missed it missed a wonderful discussion.

The Young People discussed the laws of obeying and leading, then as one grew older, the difficulties of obeying and being led. This led to the discussion of elders and their fixed habits and ideas to the changing habits and new ideas of the younger. When both the Younger People and their elders had been fully discussed and decided upon, it was decided that a better and a closer relationship should exist in order for a clear understanding of each other.

Questions such as follows were fully discussed and decided upon:

Why is there a difference between young and elderly people?

Is it easy to break the traditions of business and political life?

Is it greater for young people to give their new ideas to the more old or the more old to give their ideas to the young?

This coming Sunday is "Mother's Day." Everyone is to bring his or her mother, and, if your mother is unable to attend, bring some one else's mother.

The discussion will be in keeping with "Mother's Day," and a hearty invitation is extended to all to attend the regular Sunday evening meeting at 8.45, in the Church Parlour.

## GLENMORE

The cold, rainy weather, which is holding up the blossom development, will spoil the real purpose of the Blossom Drive, as the apples are only in the pink. However, the hills are green from the plentiful moisture and the orchards are remarkably silent this year. The pears and cherry trees, usually alive with the hum of insects, are quiet. It seems that the glorious promise of the blossoms must be unfulfilled unless the sun coaxes the bees into activity before the flowers fall.

The Women's Guild held a very successful meeting at the home of Mrs. R. W. Corner on Tuesday afternoon with seventeen ladies present. The discussion on truth, the members expressing their opinions with considerable force and variety.

The possibility of forming a ladies' choir in Glenmore, with the idea of entering the Festival next year, was discussed. Mrs. Corner was asked to see if it were possible to get a sufficient number interested. Twenty would be required at least, and that number can be assembled from among the Valley ladies. Will all interested please get in touch with Mrs. Corner?

Professor Collingwood deplored the scarcity of entries in some classes at the recent competitions in Kelowna. It is good to see the interest in music spreading and we hope to see Glenmore at least among the also rans at the Festival next year.

Mr. John Clarke left for the Coast by car on Wednesday, May 3rd, on a business trip.

An unfortunate accident resulted in Mr. Percy Cookson losing one of his new team. A load of wood which they were taking from the hill proved too heavy for the team to hold. They ran away and crashed into a tree, breaking the back of one horse.

The sympathy of the valley residents is extended to Mrs. and Miss Ferrier in the recent death of Mr. Ferrier. Mr. Ferrier came to the valley in 1911, when roads and fences were unknown. He purchased the property on Bankhead, where he has since resided.

"It must be terrible," says a critic, "when a comedian realizes that he has lost the gift of being funny." It is more terrible still when he doesn't realize it.

## STABILIZATION REQUESTED FOR FRUIT

(Continued from Page 1)

Premier Bennett and the Ministers of Finance and Agriculture.

The brief sets forth that the fruit growing industry is facing a situation which is the culmination of three years of returns below the cost of production. It was shown that the minimum cost of producing a box of apples on a fully bearing orchard was fifty cents, and that the preparation for marketing on the export market amounted to from 60 cents to 65 cents. The price obtained on the British market was approximately ten shillings a box. The following table gives details of freight rates:

Transcontinental	
To Montreal, \$1.15 per 100	.57½
Ocean	.30
Charges	.10
	.97½
Refrigeration (approximately 75% of shipments)	
Rail	.12½
Ocean	.10
	\$1.20

Pacific Rate	
To Vancouver	.22½
Ocean	.87½
Charges	.07
	\$1.17

Add 60 cents packing charges and the cost of landing a box of apples on the British market is \$1.80. At ten shillings a box, with the exchanges stabilized at \$4.60, the gross returns would be \$2.30. From this amount must be deducted

Packing and handling charges \$ .60	
Freight	1.20
Handling charges in Britain (Is. per box)	.23
	\$2.03

which leaves for the producer 27 cents, or about half the cost of production, a loss of 23 cents a box. With the exchange at \$4, or as low as \$3.70, the producer would receive little towards the cost of production—in some cases, he would be "in the red."

Approximately fifty per cent of the 1932 crop, or a total of about 2,000,000 boxes, was exported to Great Britain. Due to the preference given at the Imperial Conference, an effort was made to produce export sizes in anticipation that returns would be reasonable and that quantities of apples could be kept off the domestic market to maintain the price of production—some cases, he would be "in the red."

At the Ottawa Conference, a preference of 38 cents a box was given. But, between September, 1932, and April, 1933, the United States exported to Great Britain more than 2,500,000 boxes at prices which resulted in losses to the U. S. producers, transportation companies and all others handling the fruit. Reckless exportation by the States resulted in low prices on the British market and a loss to the Okanagan producers. The Pacific rate favoured Washington and Oregon exporters to the extent of 20 cents a box, therefore the 38-cent preference to Canadian apples had not the anticipated result of improving conditions.

The committee submit that the Stabilization Fund, as it affects the produce it covers, including canned fruits, is for the purpose of aiding agriculture and industries closely connected with agriculture, which are depressed owing to low commodity prices, restricted purchasing power and exchange rates. The canneries are included in the Fund, but the grower gets next to nothing for fruit supplied to the canneries. The primary producer, who suffered more, was excluded from the benefits of the Fund.

It was suggested that the fruit industry was suffering to the same or a greater extent than those included in the Fund. Those included could limit their output, hold their product or temporarily close down without suffering a great loss. But the fruit producer could not close down—he had to continue to tend his orchard. He incurred heavy expense in cultivating, spraying, pruning, irrigating, etc., without which his orchard would be seriously harmed. A canning plant did not suffer through inaction, cattle could be held for the cost of feeding, but it required seven years for an orchard to begin production. Therefore, in view of the considerable losses sustained owing to adverse exchange, the producers of fruit in the Okanagan Valley earnestly petitioned that further consideration be given to their application to be included in the Stabilization Fund. It was stressed that such inclusion was not for the purpose of making added pro-

## RUTLAND

Mrs. Fred Meek and daughter Edith, of Vancouver, were visitors at the home of Mrs. W. Gay last week-end, returning home Monday. They were accompanied from Vernon here by Mrs. Judd Ribelin (nee Miss Dorothy Meek).

Mr. Douglas Campbell, of the Granville St. branch, of the Bank of Commerce, Vancouver, is spending his holidays visiting his parents, Rev. and Mrs. C. A. Campbell, of the Hollywood district here. His brother, Don Campbell, is also a recent arrival, having come home from California, where he has been working for some time past. He expects to stay in Rutland for the summer.

Mr. Benj. Hardie left on Friday for the Coast to undergo further treatment for the throat ailment that has been affecting him for some time past.

Two dances were held in Gray's packing house during the past few days. On Wednesday last the "Rangers" softball team held a dance to raise funds. On Monday evening there was another dance, an invitation one given by M. Reser as a "wind-up" for the Track Meet.

Mr. T. G. S. Chambers left on Monday for Harrison Hot Springs to take special treatment for neuritis, from which he has been a sufferer for a long while.

The baseball team journeyed to Winfield to play an exhibition game on Sunday afternoon, but rain spoiled the contest and it had to be abandoned at the end of the second inning, the score standing 5-2 in Rutland's favour at that time.

The "Rangers" softball team defeated Ellison the same afternoon in an exhibition game by 13 runs to 1, at the Ellison grounds.

At a meeting in the Community Hall on Monday last, the following were appointed delegates to the forthcoming Liberal convention to be held in Kelowna on Friday, May 19th: F. L. Fitzpatrick, W. Hardie, R. Ritchie, F. Welter, A. W. Gray and P. Graf.

A check-up of the new voters' list shows that Rutland is the third largest polling division (numerically) in the South Okanagan constituency.

The Black Mountain Softball League has been organized for another season, the annual meeting having been held here on Friday evening last. Election of officers resulted as follows: President, C. McLeod (re-elected); Vice-President, A. F. Bach (re-elected) Secretary, J. F. Anderson, of Ellison. Six teams are entered, one more than last year. The area covered by the league has been greatly enlarged and extends all the way from Okanagan Mission to Ellison. Games will be on Sundays and Wednesdays as last year. Following is the schedule, home team named last:

May 14.—Ellison vs. Rangers; East Kelowna vs. Tigers; Scouts vs. Okanagan Mission.

May 17.—Rangers vs. East Kelowna; Tigers vs. Scouts; Okanagan Mission vs. Ellison.

May 21.—Scouts vs. East Kelowna; Tigers vs. Ellison; Rangers vs. Okanagan Mission.

With reference to a resolution passed at the convention of the B.C.F.G.A. at Penticton, Mr. Robinson read a letter from Dr. T. J. head of the National Research Council, who stated that he would be at the Coast on May 15th or June 20th. An effort will be made to bring Dr. T. J. to Summerland, and Messrs. Robinson and Child were named a committee to take up the matter of by-products research work with Dr. T. J. and other bodies.

Mr. V. B. Robinson leaves for the Coast next week to interview wholesalers and solicit advertising contracts for Country Life, which, it was agreed, would materially aid the organization as a whole. Mr. Godfrey-Isaacs was appointed to interview the banks and advise them of the steps being taken to unify the growers and to assist the Cartel for stability, with a view to ascertaining what the banks were prepared to do with regard to financing the 1933 crop.

After the meeting adjourned, each member advanced his views or amendments to the constitution and suggestions for the betterment of the industry through the growers' organization.

The Community Hall was crowded to the doors on Thursday evening of last week (May 4th) for the presentation of the well known farcical comedy, "The Private Secretary," by the Rutland Amateur Dramatic Society. The ticket sale, which was backed by all the organizations of the community, made such good progress that it was

found necessary to stop sale of further tickets the day previous, for fear of over-selling the house. The proceeds were in aid of the Community Hall building improvement fund, and while the exact figures are not yet available, it is certain that from eighty to ninety dollars will be the net proceeds.

The star of the production was C. H. Bond in the character of the "Rev. Robert Spalding." Without even speaking a line, Mr. Bond raised a chorus

Mr. and Mrs. Fred Griffin and family arrived from Saskatchewan last week to settle here. Their brothers John and Douglas already have ranches at Westbank.

Mr. James Duncan arrived from Vancouver last week to pay a visit. He has sold his ranch to Mr. T. B. Reece.

The Hon. J. W. Jones and Major Macdonald, Water Comptroller, attended a meeting of the Trustees of the Westbank Irrigation District on Saturday morning.

Mr. and Mrs. A. E. Drought are delighted with the coming of their first grandchild, born to their eldest daughter, Kathleen (Mrs. R. L. Hewlett).

Mrs. Charles Taylor, representing St. George's Parish, Camberwell, London, was a visitor last week. She came to see the church, which was given by the congregation of St. George's, Camberwell. She was received by Mrs. Paynter, the Secretary of the W. A., and had lunch at the Paynter home. Afterwards she attended a meeting of the W. A. at the home of Mrs. Lightly, and then she was taken to the crossing, but I wish you were up here in the front with me.

viewed Vernon officials of the Telephone Company at Kelowna. These men declared that they could not see their way clear to reduce the rates as the company was suffering from prevailing economic conditions as well as others. Their revenue had been considerably reduced in the north end of the valley through the discontinuance by a number of people of telephone service.

Claiming that the company was giving good service, they pointed out that, at Kamloops, served by the B. C. Telephone Company, the party-line rate was fifty cents less than here, but there was an additional charge imposed of ten cents for calls outside the city limits. In Kelowna, for instance, there was no extra toll for telephonic communication in the surrounding districts, and this held true of other valley centres. They claimed further that they had certain fixed charges to meet in the operation and maintenance of the service, while they had made one cut in salaries of ten per cent, a programme of extension had to be delayed until times improved.

Prior to the meeting with the company officials, Mr. Barton and Mr. Harding travelled to Vernon to meet members of the Armstrong, Salmon Arm and Vernon Boards of Trade. None of the telephone company directors attended the meeting. It appeared that Armstrong and Salmon Arm had a real grievance in that their instruments were ancient. One man, who had had a phone installed in a new house, discovered that the same instrument had been in a house he had occupied at Oliver nine years ago. It was finally agreed, however, not to antagonize the company by asking for a committee to investigate telephone rates in general but to let the matter drop. Instead, Capt. Combs of the Vernon Board of Trade, was asked to draft a letter asking the telephone company to take up the matter of improving their equipment, particularly in the north end, and to make an effort to reduce the rates on long distance tolls, which were considered excessive. It was felt, also, that the extra charge of twenty-five cents per month for monophones should be cut out.

## Dependence Of Trade On The Fruit Industry

The troubles of the fruit growers were introduced at the meeting by Mr. H. Waldron, who asked how it could be made possible to make a business out of a place where they were dependent upon the apple crop. He briefly reviewed the fruit situation and wondered if some of the merchants could not figure out a scheme whereby the grower could get something for his crop. He felt that, if some arrangement could be made for the growers to sell their own produce at distribution points on the prairies, they could control the market. Celery and onion growers could join in this with the apple growers. As an alternative, the growers should receive at least one-half cent a pound when their apples were delivered to the packing houses.

Before a lengthy debate on the trials of the fruit industry got under way, several members declared that the merchants could not "butt in," and President P. T. Harding, who occupied the chair, called for a motion to adjourn.

## CO-OPERATIVE COMMUNITY IN PRINCE EDWARD ISLAND

Over A Hundred People Own Farm Land In Common

Because it seems to have escaped the more rigorous effects of the present economic depression, attention has been drawn to a co-operative community near Morell on the lines of the Canadian National Railways in Prince Edward Island, founded 20 years ago by one Ben Compton, a Scotsman, and conducted today by his nephew, Captain John Compton.

The community consists of upwards of a hundred persons who own and farm some thousands of acres of land. It owns community tractors and other farm machinery, community barns and a co-operative store. When the produce is harvested Captain Compton sells it and banks the proceeds to the credit of the community.

Even marriage is a community matter, for when a young man marries, the community sets him up with a farm and a community-furnished house. The church is community-built and community owned and service is conducted by men of the congregation taking turns in this procedure.

## PUTTING OVER A HOT ONE

"Oh, teacher told us all about Columbus who went 2000 miles on a galleon."

### I AM INTERVIEWED

For a reporter to be interviewed is as unusual as a man biting a dog. Well, this reporter has been interviewed in a big way by a little lady—and my weighty remarks on romance, dished out with a great fervour last week, caused all the trouble. Mary warned me, but I was reluctant to throw out a third of a column brought into this unsuspecting world by the sweat of my brow. Besides, I felt proud of my brain child.

"Since you are so wise," said the pert little dame who stormed the citadel, "perhaps you can give your views on a similar matter—and go just as far wrong."

"What I have to say," says I, "goes into the old column. But what is your primary interest today?"

"I am interested in holding my man," says she bravely. "I want you to tell me how I can do it so that I can take the opposite course."

"You are a hussy," I declare angrily. "The only way you can hold a man is to chain him."

"Is that so?" says she, with a hard glint in her eye. "Well, go on, Solomon, and elaborate."

"The first step to take," I begin, "is to get a man to hold. I read somewhere that men like to do the holding and that women find the arrangement fairly satisfactory."

"You are very clever," she snapped. "Please go on."

"The second thing to do concerns what you shouldn't do. Don't try to hold him."

"And let some other woman get her hands on him? Not I, mister."

"I see. You prefer to battle with another blonde for the privilege of mending his socks. Well, lady, don't battle and you'll get your man. You ain't a mounted policeman, you know."

"You are goofier than even I imagined," said the bundle of bones and hank of hair. "How am I going to hold my man without fighting for him?"

"I told you, sister. When you dames go after a guy with that determined look he turns pale and looks for the nearest exit."

"Oh, yeah? They eat it up. You see them strutting around with the chest expansion of a man who has won a medal at a dog show."

"Do you mind telling me who this man is you are so anxious to hold? I might make one or two special recommendations to suit his case."

"Oh, I haven't definitely decided yet who he is to be."

"Well, of all the——(censored) nerve. Woman, take yourself away from here. Scram!"

"Thank you," said she sweetly. "I'm being married next month. You may throw the rice."

I picked up a ruler. "Young lady," says I, advancing, "the ceremony I am about to perform now has nothing to do with a wedding."

She fled, laughing mockingly. "Mister, you wouldn't beat a girl before she was married—would you, mister?"

Anyway, I didn't get the chance to beat this one.

### MARK TWAIN, EDITOR

Mark Twain's own account of his experience while substituting for the editor of a newspaper in the western States makes typically humorous reading. It follows:

"I wrought all the week with unflagging pleasure, as I took the place of the regular editor. The sensation was luxurious. We went to press, and I waited with some solicitude to see whether my effort was going to attract notice. As I led the office a group of men and boys at the foot of the stairs, dispersed, I heard one or two say, 'that's him!' I was pleased. Next morning a similar group waited. One man said 'Look at his eye.' I was pleased and determined to write to my aunt. Cheery voices and ringing laughter greeted me at the head of the stairs. Two young men both plunged through the window as they saw me. I was surprised.

"One old gentleman afterward came in with a copy of the paper in his hand and said:

"Are you the new editor?"

"Have you ever edited an agricultural paper before? Have you ever had any experience? No! Some instinct told me so."

"Then with asperity he asked Mark if he wrote the item:

"Turnips should never be pulled; it injures them. It is much better to send a boy up and let him shake the tree."

"The old gentleman told Mark he didn't know as much as a cow, and that he hadn't the brains he was born with."

"Along came a fine bird, but great care is necessary in rearing it. It should not be imported earlier than June or later than September. In the winter it should be kept in a warm place, where it can hatch its young."

"It is evident that we are to have a backward season for grain. Therefore it will be well for the farmer to begin setting out his cornstalks and

planting his buckwheat cakes in July instead of August.

"Concerning the pumpkins—this berry is a favorite with the natives of the interior of New England, who prefer it to the gooseberry for the making of fruit cake, and who likewise give it the preference over raspberry for feeding cows, as being more filling and fully as satisfying. The pumpkin is the only esculent of the orange family that will thrive in the north, except the gourd, and one or two varieties of the squash. But the custom of planting it in the front yard with the shrubbery is fast going out of vogue, for it is now generally conceded that the pumpkin as a shade tree is a failure."

Last week, following "Clean-up Week," city trucks hauled away 267 loads of debris.

The re-union banquet of former Kelowna Boy Scouts will be held in the Royal Anne Hotel on Friday, May 19, at 6:30 p.m.

A survey of the large shipping-houses reveals that the 1932 apple crop will be cleaned up this week. Practically all remaining storage stock, totaling not more than a few cars, sold, and will leave the valley this week.

Two political meetings are scheduled for Friday evening, May 19th, when Mr. T. D. Pattullo, Liberal leader, will speak in the Scout Hall, and Dr. Lyle Telford, C.C.F. exponent, will hold forth in the I.O.O.F. Temple.

Canadian National officials who were in the city yesterday included Mr. B. T. Chappell, General Superintendent, Vancouver; Mr. J. W. Crane, Assistant Superintendent, Kamloops; and Mr. Fyfe Smith, B. C. Director, Vancouver.

Major M. V. McGuire, Manager of the 1932 Cartel, accompanied by Mr. J. Child and Mr. Stephen Freeman, arrived in the city last night from the Kootenay, where they had been endeavouring to get support for the 1933 Cartel. They will interview shippers here today.

Military camp opened at Vernon this week. Brigadier General J. Sutherland Brown and Major R. O. G. Morton, of Military District No. 11, and other officers and officials are at Vernon. The camp is attended by about forty men from Vancouver, cavalry and R.M.R. infantry from Kamloops, and a number of men from Salmon Arm, Vernon, Armstrong, Kelowna and Penticton. The Penticton unit passed through the city on Tuesday at noon.

Approximately seven hundred people packed the Empress Theatre on Sunday evening to hear the second of a series of Sunday concerts staged by the Kelowna Concert Orchestra, under the baton of Mr. A. C. Guild, and assisting artists. The interesting programme was thoroughly enjoyed by the large audience, and thanks to the following assisting artists are extended by the Orchestra: Helen Stuart McDougall, who gave two recitations; Barbara Tutt, who sang two solos; Mrs. G. D. Cameron's Ladies' Choir, which was heard in two selections; and Mrs. H. Glenn, who favoured with vocal selections. The next concert will be held on May 28th.

## Local and Personal

Mrs. McNabb, of Vancouver, is visiting Mrs. T. P. Hulme, Vimy Avenue.

Hon. J. W. Jones left on Wednesday for Vernon, en route to Victoria.

Mrs. Jack Constantine, of Vancouver, is visiting her mother, Mrs. Rowley.

Miss Esther Willis, of Vancouver, is visiting Miss Jean McGowan at the Willow Inn.

Mrs. Bert Barclay, of Ketchikan, Alaska, spent the week-end with Miss Billie Simpson.

Mr. H. G. Brand, of Vancouver, is a guest of the Mayfair Hotel while visiting in the city.

Mr. Charles Little returned on Sunday from Kamloops, where he spent the past two weeks on business.

Miss Edith Wilson, of the post office staff, returned on Monday from a holiday trip to Chilliwack, Vancouver and Portland.

Mr. and Mrs. Hugh Dunlop and family, of Okanagan Mission, left on Saturday for Canadian National for the Old Country.

Assistant Commissioner T. W. S. Parsons of the Provincial Police paid an official visit to Kelowna on Monday and Tuesday.

Mrs. G. E. Whisk, Miss Dorothy G. Whisk and Mr. Harry Whisk, of Tulameen, were guests of the Mayfair Hotel at the week-end.

Mr. Frank Wilkinson, of the Wilkinson Company, Vancouver, and his daughter, Mrs. Harry Dickson, are visitors to the city, guests of the Royal Anne Hotel.

Kelowna fruit and vegetable shipments for the week ending May 6th included six cars of fruit, seven cars of mixed fruit and vegetables and three cars of vegetables.

For driving a car while in an intoxicated condition on Saturday night, Joe Thibault was arraigned in Police Court on Tuesday and sentenced to serve seven days imprisonment.

Mr. W. G. Chamberlain, President of The B. C. Tobacco Growers' Association, and two of his sons, Charlie and Freddie, left for Vancouver by Canadian National on Wednesday evening.

Officials of the Workman's Compensation Board, of Vancouver, who were guests of the Mayfair Hotel recently were Mr. E. S. Winn, Chairman, Dr. Ney, Chief Medical Officer, and Mr. Fulton, Assistant Secretary.

Mr. and Mrs. F. W. Groves motored to Kamloops on Friday to meet their son, Mr. G. Groves, of the engineering staff of the Premier Gold Mining Company, en route to Jarkwa, West Africa, to which place he has been transferred.

Box makers of the valley met at the Royal Anne Hotel on Saturday afternoon, when Mr. Hugh W. S. Dalton, Secretary of the Canadian Manufacturers Association, Vancouver, was in attendance and matters pertaining to the box making industry were discussed.

Mr. J. F. Little, Manager, and Mr. R. S. Smith, Sales Manager, of the Northern Electric, Vancouver, were visitors to the city at the week-end, guests of the Royal Anne Hotel. They motored to the Interior via the Fraser Canyon highway, which, according to Mr. Little, is now in good condition for motor traffic.

One hundred and seventy Vancouver people and ninety from Kamloops took advantage of the Canadian National "Blossom-spring" special at the week-end, when special low fares prevailed to give an opportunity to Coast people to visit the Okanagan at blossom time. About forty-five of the visitors came to Kelowna, others stopping off at other points in the valley.

Mr. C. J. Clark, District Sales Manager for Home Oil Distributors, Ltd., was in town on Tuesday making arrangements for the meeting, entertainment and dance to be given jointly by his company, Jolley's Service Station and Begg Brothers, on Tuesday evening, May 16th, in the I.O.O.F. Hall, as advertised in this issue. He reports distinct signs of business improvement throughout the sections he has visited on his trip and feels optimistic as to prospects for the year.

Tuesday was "father and son" day at the Rotary Club luncheon at the Royal Anne Hotel, where a number of boys were guests of the Rotarians, each member being accompanied by a boy. Rotarian Roy Staples gave an interesting talk on the youth of today, and each boy was invited to stand up and announce his birthplace and indicate what trade or profession he intended to take up in life.

## OKANAGAN MISSION

Miss Zoe Browne Clayton returned home on Friday last at the conclusion of the term at the University of B.C. During her first year she has attained the distinction of being appointed Assistant Editor of the U.B.C. students' magazine which is issued twice weekly.

The Jumble Sale held recently by St. Andrews' Parish Guild was reported quite successful, over \$65 being paid into the funds after settling all expenses. Hearty thanks are accorded to all those who helped so willingly to make this Sale such a success, and special thanks are tendered to Mr. Hall, who thinks are tendered to Mrs. Walker and Mrs. Lyons for providing such an excellent plant stall and working so hard to sell their plants. The plant stall did a roaring trade and was a great addition to the Sale.

Mrs. Macdonald's livingroom was well filled when the Women's Institute met there on Tuesday of last week. An application for membership was received from Mrs. Ross and was welcomed with enthusiasm by those present. Arrangements for the forthcoming Handicrafts Exhibition and Home Cookery Sale were made, and Thursday, May 18th, was the date fixed. The affair will take place at the Bellevue Hotel, and begin at three o'clock. There will be an apron stall and guessing competitions and other attractions.

A small chair will be made for admission, to include tea, which is to be served in the garden. Children will be admitted at a nominal rate.

Arrangements are being made for exhibits for the Handicrafts Exhibition to be received at Casorso's store on Wednesday morning up to noon. Entry fees are to be sent to Miss Franklin, Okanagan Mission, in advance. Mrs. M. Simpson and Mrs. D. Gordon, both of Kelowna, have kindly consented to act as judges.

After tea was served Mrs. Harry Hill delighted the Institute members with a series of recitations.

A cablegram has been received from Mrs. Stallard saying that she will not, after all, visit the Okanagan this summer. Mr. Stallard is on his way to England, travelling by the Panama route and greatly enjoying the experience.

Mr. and Mrs. H. C. Dunlop and their three children travelled to Kamloops on Saturday last, to take the C.N.R. transcontinental train en route for a visit to relatives in the Old Country. They expect to return to the Okanagan early in September.

Bert Farris and Ted McKenzie are leaving by car for the Cariboo this week, intending to travel and see life and hoping to "strike it lucky" somewhere! Good luck to them!

Miss Pease and Miss Vaughan-Jones travelled South to visit friends near Vancouver on Saturday last.

On Monday next Miss Vaila Smith leaves for the Old Country to attend the wedding of her sister Monica, who is to be married to the Rev. Leslie Ferguson, in London, next month.

It is to be hoped that the attendance at the meeting called for Monday night, to consider forming a local branch of the re-constituted B.C.F.G.A., is not to be regarded as indicative of the interest taken by the local growers in their business. Exactly seven persons were present, including Mr. Jock Stirling, representing the organization committee of the B.C.F.G.A., and Mr. Lyons as director for South Kelowna district. Others present were Mr. W. D. Walker, Commander Baldwin, Mr. Ramsay, Mr. Ford and Miss Franklin. Apparently the local growers had all decided to "leave it to the other fellow" and stay away, a policy which is not exactly conducive to financial prosperity. It is intended to make a further attempt to call together the local growers at an early date.

## WINFIELD

In the death of Mr. Sherman Jones, which occurred about midnight of Wednesday, May 3rd, Winfield loses another of its old timers. Mr. Jones having come to this district with his wife and family of eight about twenty years ago. His former home was at Olds, Alberta, where he had been cattle ranching, but on coming here he soon became known as the "Strawberry King" though he was an extensive grower of berries of all kinds suitable to the district.

Mrs. Jones predeceased him by some fifteen years, since which time the family have all moved to California where Mr. Jones had spent the winter. It being inconvenient for any of the family to make the long trip up, all arrangements were ably taken care of by Mr. and Mrs. V. T. Allen, old friends of the family.

The funeral service was held at the Winfield United Church at 2 p.m. on Monday, and was well attended by his many friends, the deceased being laid to rest in the same plot as his wife and daughter. Many beautiful wreaths and sprays covered the casket. The pall bearers, Messrs. E. C. Shanks, John

## OBITUARY

## Mr. Arthur Grant Ferrier

After a lingering illness, which he resisted stoutly with the aid of a naturally strong constitution, Mr. Arthur Grant Ferrier, a highly esteemed resident of the Kelowna district for the past twenty-two years, passed away at the Kelowna General Hospital on Tuesday.

Born in Montreal seventy-six years ago, Mr. Ferrier was the third son of the late Mr. George D. Ferrier and granddaughter of Senator the Hon. James Ferrier, of Montreal and Perth, Scotland, respectively. He was educated at the Montreal High School and McGill University.

Always keenly interested in sport, Mr. Ferrier was one of the founders of the St. George's Snowshoe Club and of the original Montreal Bicycle Club, in those days riding a Coventry machine. He held the world's championship for speed skating for three years, winning three gold medals awarded by Lord Dufferin. He was also a keen yachtsman and was a member of the St. Lawrence Yacht Club for eighteen years, at Pointe Claire.

Mr. Ferrier was in the employ of the Bank of Montreal for about ten years, mostly in the St. James Street office, but owing to ill health he went to Florida, where he engaged in orange growing for some fourteen years. He married the youngest daughter of Senator the Hon. S. N. Gribbles in 1891, and after the freeze of 1895, in which he lost his entire grove, he and Mrs. Ferrier went to Germany, where they studied music for three years. He was the possessor of a very fine voice and pleasing style of singing. He was a member of the Mendelssohn Choir, under the direction of Mr. Gould, in Montreal, and was also a member of different church choirs for over twenty-seven years and took leading roles in a number of amateur operatic productions as well as drawing large audiences at amateur concerts, especially during the war.

Upon his return from Europe, Mr. Ferrier bought a large dairy farm at Knowlton, Que., formerly owned by Judge Duncan. In 1903 he made an extensive tour of southern B.C., being interested in some mines there, and was greatly taken with the country. In 1904 he went to Mexico City, where he came to Kelowna and bought an apple and pear orchard. The growing of fruit being his pet hobby, Mr. Ferrier, in the twenty-two years of his residence in Kelowna, made an outstanding success in proving the value of intensive cultivation.

Mr. Ferrier served in the Victoria Rifles of Canada, but was too old for active service during the Great War. He was a member of the home guard and after the war was made an honorary life member of the Kelowna Branch of the Canadian Legion.

Mr. Ferrier is survived by his wife and one daughter, Mary Louisa, resident in Kelowna, and a sister, Mrs. E. F. Dixon, of Montreal.

The funeral takes place this afternoon (Thursday) from St. Michael & All Angels' Church to the Kelowna Cemetery.

## Mrs. Anna Mussatto

Mrs. Anna Mussatto, a former resident of Kelowna, died at Hollywood, Cal., on Wednesday, May 3rd, succumbing to the effects of an operation. She visited Kelowna last year, when she seemed to be in the best of health, and her sudden death came as a great shock to her relatives and friends.

Sixty-three years of age, Mrs. Mussatto was born in Switzerland but after her marriage she went to Italy, where she resided for about ten years. She came to Canada with her family in 1905, taking up residence at first in Rossland, later at Phoenix, and moving to Kelowna in 1919. She migrated in 1923 to California, where she made her home for the rest of her life.

Mrs. Mussatto is survived by four sons and four daughters, Bert and John, in Kelowna, Domenico and Jas. John, in Hollywood, Angelina and Elizabeth, also in Hollywood, Mrs. P. Capozzi, in Kelowna, and Mrs. A. Lauriente, in Trail. A sister also survives in Switzerland.

The body was brought to Kelowna for interment, arriving by the "Sicamous" on Monday, accompanied by Mrs. Angelina Mussatto, and was taken to the residence of Mrs. Capozzi for the night. The other members of the family all arrived for the obsequies, those in Hollywood travelling by car, accompanied by Miss Madge Ulmen, a friend.

The funeral was held on Tuesday morning from the Church of the Immaculate Conception to the Catholic Cemetery, requiem mass being celebrated by Father McKenzie and three assisting priests. There was a large attendance of friends and many beautiful wreaths. The pall bearers were the four sons and Messrs. P. Capozzi and A. Lauriente, sons-in-law.

Metcalfe, T. A. Gray, D. M. Clark, Wm. Pettit and V. R. McDonagh, were all old friends of over twenty years standing.

Although Mr. Jones was seventy-two years of age, his death came as a shock to his friends, as he was enjoying quite his usual health up till the night of his death.

The irrigation season started on Monday, many people taking advantage of the service. Most places are in good moisture condition to start the season.

The bloom prospect is again good after the bumper crop of last year, stone fruits, pears, and McIntosh apples making a particularly good showing.

Hon. J. W. Jones, Minister of Finance, held a political meeting in the Winfield Community Hall on Monday night.

A meeting for the purpose of re-organizing the Liberal Association was held in the Winfield Community Hall on Monday, and was well attended by his many friends, the deceased being laid to rest in the same plot as his wife and daughter. of laughter at his first entrance, which was renewed throughout the entire production whenever he appeared upon the stage. The role of the blustering and domineering "Mr. Cattermole" was very well taken by Earl Hardie, these two characters more or less dominating the play. All the parts were well taken, and very few criticisms could be made of the acting throughout. This type of play is undoubtedly that best suited to the members of the Society and the patrons of their various performances. The story of the play is probably too well known to need detailing. Following are the members of the cast in order of their appearance: Douglas Cattermole, nephew of the elder Cattermole, with great expectations, provided he sowed sufficient "wild oats" to suit his eccentric uncle; A. K. Loyd.

Mrs. Stead, Douglas' landlady, an anxious fussing, motherly sort of party; Bessie Fitzpatrick.  
Sidney Gibson, tailor from Bond St., with ambitions to get into "society," an undue liking for strong liquor and a number of overdue accounts which he insists on presenting at inopportune times; F. L. Fitzpatrick.  
Harry Marsland, friend of Douglas Cattermole and nephew of Mr. Marsland; Cecil Duggan.

Rev. Robert Spalding, a diffident and nervous individual who is the real "private secretary" engaged by Mr. Marsland, but is mistaken for his nephew, Douglas, by the much disgusted Mr. Cattermole; C. H. Bond.

Mr. Cattermole, the uncle of Douglas, eccentric and irritable, much concerned about his "liver"; Earl Hardie.  
Knox, a writ server, not a respecter of persons or dignity; James Ansell.  
Miss Ashford, an elderly spinster, with soulful yearnings toward "spiritualism" and "mediums"; Florence McDiarmid.

Mr. Marsland, Harry's uncle, a highly respectable country gentleman, with rather lively youthful days of which he dislikes to be reminded; A. L. Baldoek.  
Edith Marsland, daughter of Mr. Marsland, who captivates the heart of Douglas Cattermole; Alicia Humphreys.

Eva Webster, the former's friend and companion in mischief, with whom Harry Marsland falls in love; Agnes Appleby.

John, the faithful retainer at the household of Mr. Marsland; T. Maxwell.

As at all performances, the R.A.D.S. Little Symphony orchestra under P. L. Irwin's leadership played lively music for the entertainment of the patrons prior to the rise of the curtain and during the intervals.

**THE CALYX SPRAY**

(By B. Hoy, District Agriculturist)

There seems to be considerable misunderstanding as to the purpose of the calyx spray in controlling codling moth. In order that it may be more fully understood it is necessary to have some understanding of the life history of this insect.

Codling moth spends the winter in the full grown worm stage in a silken cocoon. These cocoons can be found under loose bark, in cracks and crevices on the tree, at the base of trees just below the surface of the ground, and in crevices in boxes and buildings where apples may have been stored.

As the weather warms up in the spring these worms change to pupae, and usually about the last week in May or first week in June moths emerge from these pupae. After emergence, when temperatures are suitable, egg laying commences. The time required for these eggs to hatch averages about ten days. After hatching the young worms bore into the apple, where they remain and feed for about twenty-one days. After coming out of the apples they again change into the cocoon, pupae, and moth stages and commence laying eggs early in August, and we have what is known as the second brood of worms.

As will be seen by the above brief outline of the life of the codling moth, no worms or eggs are present at the time of the calyx spray, and the timing of this spray is not at all dependent on cool or warm weather. The purpose of the calyx spray is to place poison in the calyx cup of the apple at the only time of the year when it is open. Just as the petals fall the lobes of the calyx are spread out in a more or less star shaped fashion. At this time, by thorough spraying, the calyx cup can be filled with spray. As the apple grows these lobes come together and the calyx is closed. The time elapsed between the blossom period until the calyx is closed is from a week to ten days, depending on the weather. After this time poison can not be placed in this portion of the apple. The spray placed in the calyx cup is effective for the entire year. Any worm entering the apple at this point gets the poison and is killed.

Though last year, in experiments conducted in Kelowna by the Provincial Department of Agriculture, very excellent control of worms was obtained without the calyx spray, this Department is not recommending that the calyx spray be omitted. Seasonal conditions may, in some way, affect the number of worms entering through the calyx, and, until further work has been done, we cannot advise leaving out this spray. In countries where codling moth is a serious pest, the calyx is considered by entomologists a very important spray. The calyx spray should be applied as soon as most of the petals have dropped, and before the calyx cups are closed.

The Provincial Department of Agriculture will again conduct spraying tests similar to last year, and will also gather information on the seasonal activities of the codling moth throughout the summer. The time of applying cover spray will be based on this information, which will be available to growers through the local office of the Department of Agriculture.

**A Million Deposit Accounts Denote Confidence**

At its offices throughout Canada the Bank of Montreal has over one million deposit accounts.

The depositors, Canadian individuals and Canadian business firms, represent every class of the community in city and country alike—from persons of large means to children starting their life's savings, from industrial corporations of international scope to farmers and small tradesmen.

Good faith, good will and good banking practice on the part of those directing the Bank grow naturally out of the sense of responsibility imposed by this expression of nation-wide confidence.

## First League Game Next Monday Evening

The Central Okanagan League will get under way on Monday evening next when Cathownians entertain Rutland at the Athletic Park and Winfield travels to Oyama.

This year the schedule has been doubled up and has been divided into two halves, the first half finishing on June 3rd at Rutland, where all league games will be played, instead of on the Thursday previous.

The winners of the first and second half will play off in a series, the best two out of three games, for the League championship.

Official umpires have been named by each entry and the home team will supply the home plate umpire while the visiting team will supply the base umpire. These are the official umpires: B. S. Griffith, Oyama; J. Seaton and T. Cooney, Winfield; G. Reith and L. Monford, Rutland; G. Dalton and C. Whitman, Cathownians.

All games are to begin by 6:30 p.m. and will be played on Monday and Thursday of each week except on June 1st, when the games ordinarily scheduled for that day will take place at Rutland in connection with their annual Sports Day.

Following is the schedule:

May 15—Winfield at Oyama; Rutland at Cathownians.

May 18—Oyama at Rutland; Cathownians at Winfield.

May 22—Rutland at Winfield; Oyama at Cathownians.

May 25—Oyama at Winfield; Cathownians at Rutland.

May 29—Rutland at Oyama; Winfield at Cathownians.

June 3—Winfield at Rutland; Cathownians at Oyama. Both games at Rutland in the afternoon.

June 5—Winfield at Oyama; Rutland at Cathownians.

June 8—Oyama at Rutland; Cathownians at Winfield.

June 12—Rutland at Winfield; Cathownians at Oyama.

June 15—Oyama at Winfield; Cathownians at Rutland.

June 19—Rutland at Oyama; Winfield at Cathownians.

June 23—Winfield at Rutland; Cathownians at Oyama.

The senior players are getting into shape and will play Vernon on May 24th as the final wind-up for the big Empire Day celebration.

On June 3rd they will travel to Revelstoke to take part in a big baseball tournament to be staged at the northern city.

If the girls are flirting more these days, as a writer says, then it should be possible to walk down Bernard Avenue for your forty winks.

## Vernon Visitors Lose Majority Of Matches

On Sunday, members of the Vernon Golf Club were the guests of the local club. In the morning, 4-ball matches were played, and in the afternoon singles competitions were staged, the majority of the results being in favour of the home club.

The splendid condition of the course and greens was commented upon, and certainly the Greens Committee and those responsible for the maintenance of the grounds are to be complimented on having the course in better shape than it has ever been in the history of the club.

Results of the 4-ball play were as follows, the Vernon players being named first:

S. Carlson and A. E. Lefroy, 1 1/2;

C. R. Reid and C. Quinn, 1 1/2;

SEA CADET TEAMS

TIE IN RIFLE SHOOT

Kelowna And Penticton Score Exactly Same Total Of Points

During the last week of April, a rifle match was held between Kelowna Sea Cadets, "Grenville," and Penticton Sea Cadets, "Revenge." The match was fired at 25 yards range with B.S.A. 22 cadet rifles, using Target G.S.G.S. No. 268, and resulted in a tie, each team scoring 143 points out of a possible 200.

Individual scores were as follows:

"Grenville" team: Watt, 21; Weatherly, 20; Fisher, 20; Chapman, 17;

Gorse, 17; Lloyd, 16; Doug Hubbard, 16; G. Roxby, 16.

"Revenge" team: Manuel, 22; Sinclair, 21; Allen, 19; Mather, 17; Aitkens, 17; Oakes, 16; R. Rozander, 16; Tilly, 15.

It will be noted that the highest individual score of 22 was obtained by a Penticton Cadet, therefore the honours were slightly in favour of "Revenge."

The close competition in this match is most satisfactory, and, as it is proposed to continue these contests in the future, it should spur on the boys of both Corps to excel in marksmanship.

## ROWING

## Enthusiasm Shown At Annual Meeting

The Rowing Club held their annual meeting on Wednesday of last week, when about forty-five enthusiastic rowers and prospective oarsmen turned out to start the season off on the right foot.

The meeting came to order with President W. R. Carruthers in the chair, supported by M. V. Oakes, the Secretary. The last annual minutes were read and adopted with very little discussion.

Next came the President's report, in which he touched on many points, mainly mentioning the N.P.A.A.O. Regatta, which last year was held at Victoria on July 1st and 2nd. He also mentioned the building of the club house by the Aquatic Association and the unfortunate fire that took place in December, which ruined the top part of the building. The show that was staged by the members in December was a success from the entertainment standpoint, but financially was not very good. He did not know just what was going to be done this year owing to the proposed amalgamation of the Rowing Club and Aquatic Association.

The Secretary next gave his report which was chiefly financial and showed that the club had a deficit of \$193.00, which was still owing various firms in the city. He also stressed the point of having more co-operation between the members and the directors.

Owing to the absence of both the girls' and men's captains, W. N. Kennedy, coach, was asked to report on last year's activities.

"Bill" gave a very fine account of the year's operations, and said that when he arrived the boats were generally in poor shape, which necessitated a considerable expense to put them in fairly good condition. This year there was considerable work to be done on them, but it could be done without having much money expended. He spoke of the N.P.A.A.O. Regatta and the success of the crews, especially the girls crew, which he said was the best he had ever seen, also the doubles crew of Loane and Griffith, who had distinguished themselves very highly.

At the local fall Regatta all crews did well, and had it not been for the rough weather, he was sure the Senior Men's crew would have won. He said he could not let this meeting finish without also mentioning the junior girls crew, made up of the Misses Hazel and Barbara Brown, Sexsmith and Gale. This crew just began to row last season and kept plugging and trying all the time and finally won their junior race. He also thought the idea of the two organizations amalgamating was a good one, and that it would be advantageous to both.

On finishing his report Coach Kennedy was given a big hand from the meeting.

Owing to the possibility of the joining of the two clubs, it was suggested that instead of having the usual election of officers, a committee of five be elected in its place to carry on, and to meet the Aquatic Directors with the view of the circumstances of joining.

This suggestion was decided upon and the following were elected from a slate of nine names put up. The committee is comprised of one lady and four men and from this committee choose their own chairman and secretary. Miss M. Jenkins and Messrs. D. Poole, M. Oakes, H. Weatherill and R. Hunt.

Before the meeting closed, Dick Parkinson, President of the Aquatic Association, spoke a few words, in which he asked for the co-operation of the members with the committee, so that both the Rowing Club and Aquatic could prosper. Both were interlocked, and one needed the other for success.

Votes of thanks were passed to the Kelowna Courier for their very valuable space on rowing news, and the President said that the Rowing Club had had more publicity during the past season than they had ever had before. Thanks were also tendered to Mr. Fred Burr, Manager of Poole Bakery Ltd., for the use of the tea room for the meeting.

After the meeting adjourned the new committee held a short session at which Roy Hunt was chosen as chairman and Max Oakes secretary.

Anyone wishing to row should either get in touch with Mr. Kennedy at the Aquatic, or one of the committee. Rowing is going to be bigger and better than ever. Let's go, gang!

THE USUAL PROCEDURE

A doctor who was Superintendent of the Sunday School in a small village asked one of the boys this question:

"Willie, will you tell me what we must do in order to get to heaven?"

Said Willie: "We must die."

"Very true," replied the doctor, "but tell me what we must do before we die."

"We must get sick," said Willie, "and send for you."
